BULLETIN NO.: 43-82-06A

DATE: June, 1995

SUBJECT:

MODELS:

- 1991-95 Buick Roadmaster
- 1993-95 Cadillac Fleetwood Brougham
- 1991-95 Chevrolet Caprice
- 1991-92 Oldsmobile Custom Cruiser

This bulletin is being revised to update new part information, add VIN breakpoints and 1995 model year. Also, a new air inlet grille has been released. Please discard Corporate Bulletin Number 43-82-06 (Section 8 - Chassis/Body Electrical).

CONDITION

Some of the vehicles listed above may exhibit wiper chatter (especially in cooler weather).

CORRECTION

Improvements to the windshield wiper system have resulted in new wiper arms being released for service use on vehicles after VIN breakpoints listed below:

- Buick - SR419520
- Cadillac - SR710430
- Chevrolet - SR147606

Also, a new air inlet grille (P/N's 10279062-63) with revised wiper blade park ramp angles to lift the blades off the glass to prevent them taking a set, has been released for production after breakpoint and service. The screens are interchangeable for 1995 and prior model years, and should be used when addressing a chatter concern.

As always, evaluations of chatter should be made after the windshield and blades are properly cleaned.

Make sure that the correct wiper blades are in use for the vehicle in question.

Visual identification of the different blades from production are as follows:

- 1991-1994 = Rectangular holes in top of blade.
- 1995 = Prior to breakpoint, top of blade has no holes and can install to arm one way only.
- 1995 = After breakpoint, rectangular holes in top of blade.

Usage Chart

The correct service part numbers and usages for the above listed 1991 through 1995 model wiper arms, wiper inserts, air inlet grilles, and blades are as follows:

	1991-1994 1995 Before VIN Breakpoint	After 1995 VIN Breakpoint
Wiper Arms		
Right	22155062	10283600
Left	22155063	10283601

Wiper Blades	22093284	22093284
Wiper Inserts	12339129	12339129
Air Inlet Grille		
Right	10279062	10279062
Left	10279063	10279063

Important:

Due to part improvements, it is possible to use the 1995 (prior to breakpoint) wiper arms on earlier (1991 through 1994) models without creating chatter, but the earlier model arms should NOT be used on the 1995 models.
